

# It's Yours

## Raoul Zerna

All I'm gonna do is please you  
Come into this room and let me show you  
    How I feel, love is real  
Know what I, can never get enough  
    Cause I, never, been here before  
    The more I get, the more I want  
        Touch me baby, I just love  
        To do it, do it, do it to you  
        Grab my body baby  
    Hold my heart, don't break it  
        It is yours, it is yours  
        It is yours, it is yours  
        It is yours, it is yours  
    And I can't never get enough  
        Grab my body baby  
    Hold my heart, don't break it  
        It is yours, it is yours  
        It is yours, it is yours  
        It is yours, it is yours  
    And I can't never get enough of you  
    You, you, can't get enough, can't get enough  
    You, you, can't get enough, can't get enough  
        You, you, ooh  
        You, you  
    These other girls can't see you  
    If you only knew how much I need you  
        Every day, every day  
        In every way, every way  
    You got me baby, so addicted to you  
    Cause I ain't never, been here before  
        The more I get, the more I want  
        Touch me baby, I just love  
        To do it, do it, do it to you  
        Grab my body baby  
    Hold my heart, don't break it  
        It is yours, it is yours  
        It is yours, it is yours  
        It is yours, it is yours  
    And I can't never get enough

Grab my body baby  
Hold my heart, don't break it  
It is yours, it is yours  
It is yours, it is yours  
It is yours, it is yours  
And I can't get enough of you girl  
You, you, can't get enough, can't get enough of you  
You, you, I can't get enough of you  
You, you, ooh baby  
You, you, I can't get enough of you  
I just want to touch you touch you  
Hold your body till you till you say  
Yea yeah, yea yeah  
I just want to touch you touch you  
Hold your body till you till you say  
Yea yeah, yea yeah  
Grab my body baby  
Hold my heart, don't break it  
It is yours, it is yours  
It is yours, it is yours  
It is yours, it is yours  
Ooo  
Grab my body baby  
Hold my heart, don't break it  
It is yours, it is yours  
It is yours, it is yours  
It is yours, it is yours  
Cause I can't never get enough of you  
You, you, can't get enough, can't get enough  
You, you, I can't get enough  
You, you, yea yeah  
You, you, can't get enough  
Can't get enough of you
