Gagging Order

Radiohead

I know what you're thinking
But I'm not your property
No matter what you say
No matter what you sayMove along
There's nothing left to see
Just a body
Nothing left to seeA couple more for breakfast
A little more for tea
Just to take the edge off
Just to take the edge offMove along
There's nothing left to see
Just a body
Pouring down the streetMove along
There's nothing left to see
Just a body
Nothing left to seeMove along
