Easy

Timbuk 3

You've been a fighter for how many years?
The matches & the patches, the boos & the cheers
Now they want an answer, no time to reminisce
You've taken home some prizes, but nothin quite like this

It'd be so easy
It'd be so easy
It'd be so easy
Easy as fallin down

Look at this world & what it's comin to
Look at all these people what have they done for you?
Another chance may never come around
So go on -- take the money & just get out of town

It'd be so easy
It'd be so easy
It'd be so easy
Easy as fallin down
