Missing an Angel

Take 5

Did I dream you
(Dream you)
Could you be true
'Cause when I'm with you
I can't believe that you're with meGirl, I never thought I'd ever find you
And be the one who's holdin' you, lovin' you
Baby, you're amazing to me
(Amazing to me)
Maybe you're the reason I believeEvery time I hear your voice
(Your voice)
Every time I feel your kiss
It tells me heaven
Must be missing an angelEvery time I see your face
(Come on, come on)
I'm thinkin' you must be a vision
Heaven must be missing an angel
(Missing an angel)
Ooh yeahYou're a perfection
Love's expression
In every way
You show me what it's all aboutAnd you're the answer
(You're the answer)
To all my prayers, oh baby
It's like you brought me
To higher love, up aboveEvery time I hear your voice
(Your voice)
Every time I feel your kiss
It tells me heaven
Must be missing an angelEvery time I see your face
I'm thinkin' you must be a vision
Heaven must be missing an angel
(Missing an angel)Every time I hear your voice
(Your voice)
Every time I feel your kiss
(Your kiss)
It tells me heaven
Must be missing an angelEvery time I see your face
(Your face)
I'm thinkin' you must be a vision

Heaven must be missing an angelBreak it down for me, yeahBaby, you're amazing to me
(Amazing to me)
Maybe you're the reason I believe
(I believe)Every time I hear your voice
Every time I feel your kiss
It tells me heaven
Must be missing an angel
(Missing an angel)Every time I see your face
I'm thinkin' you must be a vision
(Vision)
Heaven must be missing an angel
(Heaven, missing an angel)Every time I hear your voice
(Your voice)
Every time I feel your kiss
(Your kiss)
It tells me heaven
Must be missing an angelEvery time I see your face
(Your face)
I'm thinkin' you must be a vision
Heaven must be missing an angel
(Missing an angel)Every time I hear your voice
(Your voice)
Every time I feel your kiss
(Your kiss)
It tells me heaven
Must be missing an angel
(Missing an angel)Every time I see your face
(Your face)
I'm thinkin' you must be a vision
Heaven must be missing an angel
