

# Bump It

## Jimmie Noone

Push up the fader  
Bust the meter  
Shake the tweeter  
Bump it...well, well, well...  
Bump it...well, well,  
You know I love it when they play my beat real loud  
Because it moves the band, then it moves the crowd  
You I love it when the play my shit sky high  
It puts me in a daze  
And oh - oh - oh - oh  
Ooh baby before you bump it  
Won't you shake it just a little for me  
Oh - oh - oh - oh  
Wait a minute before you buss it  
Won't you roll a lickle' something for me  
Push up the fader  
Bust the meter  
Shake he tweeter  
Bump it...well, well, well  
Bump it...well, well.
