Everything Inside

No Fun At All

I'm sloppy, I'm bad
In a state of shame
It's always the same
Yeah, I'm angry, I'm sad
Coming far behind
I'm one of a kindThey say,everything inside is dead
They say, not a thought inside my head
They say everything inside is dead
It's over nowI'm lonely, I'm scared
In a state of mind that's hard to define
Yeah, I'm struggling, I'm snared
Got to find a way to get through the dayThey say, everything inside is dead
They say, no good thought inside my head
They say everything inside is dead
It's over nowEverything inside is dead
They say, not a thought inside my head
They say, everything inside is deadEverything inside is dead
They say, evil worms inside my head
They say, everything inside is dead
It's over now
