Rescue Me

Unwritten Law

Shut down
Fallin' over once again
Dropped out
Hand extended for a friend
Looked up
And there's you lookin' inAnd who cares
'Cause no ones lookin' anyway
Impaired
My vision lost it yesterday
And that's fine
Don't mind feelin' that wayJust don't let me lie here by myself
Lets go I know I'm faded
Outta sight, tonight
Just stay with me, I don't wanna go home
Outta sight, tonight
Just rescue me, I don't wanna goRewind
And take me back to start again
Ducked out
'Cause paranoia's settin' in
But I'm
With you until the endOne ride
We'll drive around the parkin' lot
No pride
'Cause I don't seem to care a lot
No cash
This change is all I gotJust don't let me ride here by myself now
Lets go I know I'm faded
Outta sight, tonight
Just stay with me, I don't wanna go home
All right tonighet
Just rescue m, I don't wanna goSo set still, one last thrill
Just stay with me and we'll never go home
Outta sight tonight
Just rescue me and we'll never go home
Yeah, we'll never go home, yeah
I don't wanna goOne more ride, one time once again
Just climb in I'm still climbing, yeah
One more ride, one time once again
Just climb in I'm still climbingOutta sight, tonight

Just stay with me, I don't wanna go home
All right tonight
Just rescue me, I don't wanna go
So set still, one last thrill
Just stay with me and we'll never go home
Outta sight, tonight
So rescue me and we'll never go home
