

# Rescue Me

## Unwritten Law

Shut down  
Fallin' over once again  
Dropped out  
Hand extended for a friend  
Looked up  
And there's you lookin' in And who cares  
'Cause no ones lookin' anyway  
Impaired  
My vision lost it yesterday  
And that's fine  
Don't mind feelin' that way Just don't let me lie here by myself  
Lets go I know I'm faded  
Outta sight, tonight  
Just stay with me, I don't wanna go home  
Outta sight, tonight  
Just rescue me, I don't wanna go Rewind  
And take me back to start again  
Ducked out  
'Cause paranoia's settin' in  
But I'm  
With you until the end One ride  
We'll drive around the parkin' lot  
No pride  
'Cause I don't seem to care a lot  
No cash  
This change is all I got Just don't let me ride here by myself now  
Lets go I know I'm faded  
Outta sight, tonight  
Just stay with me, I don't wanna go home  
All right tonight  
Just rescue m, I don't wanna go So set still, one last thrill  
Just stay with me and we'll never go home  
Outta sight tonight  
Just rescue me and we'll never go home  
Yeah, we'll never go home, yeah  
I don't wanna go One more ride, one time once again  
Just climb in I'm still climbing, yeah  
One more ride, one time once again  
Just climb in I'm still climbing Outta sight, tonight

Just stay with me, I don't wanna go home  
All right tonight  
Just rescue me, I don't wanna go  
So set still, one last thrill  
Just stay with me and we'll never go home  
Outta sight, tonight  
So rescue me and we'll never go home
