Waltz

Hale

I hate the way you are
So mean to me by far
The most frigid girl
That I have ever knownYou speak loudly but
When I'm not around
You'll be just like them
So shallow and obnoxiousPlease, that's enough, that's enough
Please, I've said this a million times before
And I'm sickBut all that I need
And all that I breathe
And all that I care for is youYou said that you'd call
by the time you will be home
But you never did
You said you didn't mean toAnd now I am enraged
As if we were engaged
You made me realize
I'm just your alibiPlease, that's enough, that's enough
Please, I've said this a million times before
And I'm sickBut all that I need
And all that I breathe
And all that I care for is youAnd all that I need
And all that I breathe
And all that I care for is youI hate you
