

A Classic Tale of the Bearded Musician

Cannons and Clouds

[singing] Lay me down. I'm half asleep. You're halfway there. Tracks of this day will soon fade away. [singing] Tall center. The skies can tumble. We rise and fall. With each breath in sweet envy. [singing] I'll stay awake, and watch the moon fall. I'll stay awake, and watch the sunrise. [singing] Warm mountain rain. These cold thoughts start to melt away. With all time to celebrate. My woes seem arbitrary. [singing] I'll stay awake, and watch the moon fall. I'll stay awake, and watch the sunrise. [singing] Ooh. Ooh, ah. Ooh. Ooh, ah. Ooh. Ooh, ah. Ooh. [singing] I guess I'll stay. I'm gonna stay. I love to stay awake. I guess I'll stay. I'm gonna stay. I love to stay awake. I guess I'll stay. I'm gonna stay. I love to stay awake. I guess I'll stay. I'm gonna stay. I love to stay awake. Ah. Ah. Ah. Ah.

[rock music]

Okay, so we're gonna keep all those oohs. I do not wanna do that again.

I don't wanna do it again either.

[chuckles] I do not wanna do that again.

I do not wanna do that either.
