Ignorance

Suicide Commando

(go to hell with me)
lies of mortality
we're all bound to die
lies of reality
god's just a lie
ignore mortality
ignore reality
ignore humanity
ignore insanity
ignore me
condemn me
ignore me
possess me
ignorance
is the evil of today
we don't care
whatever they say
open your eyes,
open your hand
religious lies,
this is the end
ignore me
condemn me
ignore me
possess me
cries of humanity
children who die
signs of insanity
the world's upside down
ignore mortality
ignore reality
ignore humanity
ignore insanity
ignore me
condemn me
ignore me
possess me
