English

-

Show time,
making my first appearance among the cheers and excitement
No doubt,
the moment I am set apart from others
There's no exit,
you will lose your mind
Getcha getcha ya ya here getcha getcha yaya
get on

I'm very very good, very very good
I'm very very good

King of the jungle,
hey kids, stop your cute baby show
The atmosphere is already ripe
and I conquer the audience in a moment
Roll out the carpet, get ready to be hoisted in the air
The bursting pop bottle, get ready for the last spur
How many fake MCs out there

Bees, buzz louder, buzz buzz
Scream till the stage falls down
Bring anyone
and move your body however you want
Getcha getcha ya ya here getcha getcha yaya
get on

It's time, break the silence
Leave behind thoughts of doing just enough, stupid
Lift your thumbs, burn your passion
Gather here like you've gone crazy

What?
I'm very very good, very very good
I'm very very good

If you don't come out, I'm gonna go in,
I'm gonna squeeze in
If you don't come out, I'm gonna go in
What can I do for you uh?
If you don't come out, I'm gonna go in,
I'm gonna squeeze in
If you don't come out, I'm gonna go in

Aight

The seven villains who recklessly run
Canâ€™t block us with a red light
Everyone below me, pay attention
Let out a big shout on the front line
Hey you, stop pretending like youâ€™re all that
Put your hands up, you need to be punished
We unite like weâ€™ve become one

Bees, buzz louder, buzz buzz
Scream till the stage falls down
Flower boys try so hard
They try to be hard but theyâ€™re so cute
Make some trouble, itâ€™s five minutes before chaos
Weâ€™re pros when it comes to concepts like this, leggo

Itâ€™s time, break the silence
Leave behind thoughts of doing just enough,
stupid
Lift your thumbs, burn your passion
Gather here like youâ€™ve gone crazy

Iâ€™m very very good, are you ready?

Iâ€™m very very good, very very good
Iâ€™m very very good

If you donâ€™t come out, Iâ€™m gonna go in,
Iâ€™m gonna squeeze in
If you donâ€™t come out, Iâ€™m gonna go in
What can I do for you uh?
If you donâ€™t come out, Iâ€™m gonna go in,
Iâ€™m gonna squeeze in
If you donâ€™t come out, Iâ€™m gonna go in
