My Obsession

Killswitch Engage

If you want me to listen whisper
If you want me to run just walk
Wrap your name in lace and leather
I can hear you, you don't need to talk
Let us make thousand mistakes
'Cause we will never learn
You're my obsession
My fetish, my religion
My confusion, my confession
The one I want tonight
You are my obsession
The question and conclusion
You are, you are, you are
My fetish you are
You can kiss me with your torture
Tie me up to golden chains
Leave me begin undercover
Wrong or right, it's all a role play
Let us make a thousand mistakes
We will never learn
You're my obsession
My fetish, my religion
My confusion, my confession
The one I want tonight
You're my obsession
The question and conclusion
You are, you are, you are
My fetish you are
Come to me tonight
You're my obsession
My fetish, my religion
You're my obsession
The question and conclusion
You are, you are, you are
My fetish you are
