I Am Trying

Rose Rossi

I was once a little girl
With eyes as true as can be.
I was once a little girl
Who wondered who I would be.

I am trying
Yes I am trying
So I let you down--I haven't let myself down yet.
Cause I am still trying
To be me.

When you look at me please see my eyes
Don't look back at what's past and ask me why.
Though you might already know
I was his forever -no end.

I am trying
Yes I am trying
So I let you down--I haven't let myself down yet.
Cause I am still trying
To be me, to be me.
