

# Pig (original version)

## Coal Chamber

Lost and lonely your colors surrounding me  
It's only my way to breakin' free  
In my mind I hear the souee  
Souee here pig pig pig pig Don't you see I'm set free?  
Why don't you see? I'm set free  
Why don't you see? I'm set free Lost and lonely you make your way through this day  
Preceding the way after way I hate  
In my mind I hear the souee  
Souee here pig pig pig pig Don't you see I'm set free?  
Why don't you see? I'm set free  
Why don't you see? I'm set doggone free Murderer, terror, killer, terror  
Murderer, terror, killer, terror  
Filthy  
(I'm filthy, I'm filthy, I'm filthy)  
I'm filthy swine and I'm filthy  
I'm filthy swine and I'm filthy  
I'm filthy swine and I'm filthy Don't read the writing  
Well come up and you will see Don't read the writing  
Well come up and you will see  
Don't read the writing  
Well come up and you will see Don't read the writing  
Well come up and you will see
