Hi-Five

Superfly

I feel so lonesome I could cry
But instead I'll pass the time
Sitting lonely with somebody lonely too
Well there's nothing in the world I'd rather doNow tell me if you don't feel this way
But all I want, all I ever need
Is someone out there who believes
Sometimes believes
Not always believes
Sometimes believesNow we don't have to take it to extremes
We'll keep our hands, our legs, even our lips apart
But I'm giving you my heart
My heart
Are you giving me your heart
Your heart
Are you lonely too
Are you lonely too
High-five
So am I
All of your life
Stuck inside
I'm stuck too
I'm stuck with you
Do you believe
I do
I do
I do
