Advisory - the following lyrics contain explicit language:

I didn't know you were a fake.  
Every lie straight to my face.  
So blind I could not see  
right behind my back  
you stabbed me I should have known you were a bitch  
shut up, you're makin me sick.  
little man you're nothing like me  
lying, cheating, so deceiving.  
I trusted you, broke me down  
and you screwed me over Don't try to deny it  
you cannot hide it  
I'll be ignited  
When I get to watch you  
Burn Burn Burn  
I wanna watch you  
Burn Burn Burn  
I wanna watch you burn  
You're gonna get what you deserve  
I wanna watch you burn You turned me, inside out  
My world is upside down  
You got her are you happy now  
Looking over your shoulder  
Fucking me over  
I trusted you, sold me out  
this is far from over don't try to deny it  
you cannot hide it  
I'll be ignited  
When I get to watch you  
Burn Burn Burn  
I wanna watch you  
Burn Burn burn  
I wanna watch you

Burn Burn  
I wanna watch you burn  
You're gonna get what you deserve  
And you'll never learn  
Yeah your time has come now  
its your turn  
I'll watch you BurnBURN  
BURN  
BURN  
I wanna watch you  
BURN  
BURN  
BURN  
I wanna watch you burn  
You're gonna get what you deserve  
And you'll never learn, Yeah  
your time has come now  
its your turn  
I wanna watch you BURN BURN BURN  
I wanna watch you BURN BURN BURN
