10 Headed Goat Wizard

La Sera

I couldn't have found you if I wasn't looking
You keep your best hid away
Double over in pain, it's just like the rain
Rain don't come much round this wayI think I know, yeah, but who can be certain
Sometimes my thoughts slip away
And I look to those days overgrown in haze
Drink like a flower in the rain
Look to those days, overgrown in haze
Drink like a flower in the rainAnd I'll bow to the sun and salute everyone
Kneel on a knee for I'm reverent of He
He who won't take my, He who won't take my
He who won't take my love awayI couldn't have found you if i wasn't looking
I'd give my best hit away
And double the pain, you would like the rain
Rain don't come much round this way
Double the pain, you would like the rain
Rain don't come much round this wayAnd I'll bow to the sun and salute everyone
Kneel on a knee for I'm reverent of He
He who won't take my, He who won't take my
He who won't take my love awayAnd I'll blow Him a kiss and thank God I exist
He who won't take my, He who won't take my
He who won't take my love away
