

3D Romeo (feat. Fabienne)

Gemini

3D Romeoshape of my heart
piece it together
then pull it back apart
under my skin
i'll let your love inkiller in bed
no more redemption
you got inside of my head
put down my arms
you can do no harmmy 3D romeo
we're gonna play them hard
until they start to fallone love in digital
we're gonna blow it upjust like the video
we're gonna take em down
so we can have it all
my 3d romeolove you to death
i'd jump off the edge
and do it with no regrets
all that I need
you should be with meyou are the one
make me your queen
and love me till kingdom come
put down your arms
you can do no harm
