

# Church And State

## Electrobe

Nationalism in school  
Perpetrating their rule  
Lying textbooks rant  
Their patriotic slant  
"Your country's great"  
cry the church and state  
"All that've died  
Were on God's side" President and pope  
Your pride and hope  
Families build  
Christian ethic instilled  
The biblical truth?  
Faith not proof!  
Wield a sword  
Walk with the lord  
Be a man  
Protect your land  
Hear your call  
Martyrs all Your life's lost  
Nailed to a cross  
Dead on foreign soil  
For your God  
(And their oil)
