

# Take Me Back

## Point of Grace

Been too long chasing selfish dreams  
 Seeking only what my heart desired for  
 I've drifted so far away it seems  
 From the truth that set my soul on fire  
 How many times will it take for me to see?  
 You're the only love my heart will ever need  
 Take me back, take me back, Jesus  
 Take me back, to where I can know Your love  
 Take me back, take me back, Jesus  
 Take me back, won't you take me back?  
 Take me back, take me back, Jesus  
 Take me back, to where I can feel Your love  
 Take me back, take me back, Jesus  
 Take me back, I wanna know Your love  
 Like the prodigal far from home  
 Lost inside a world of my own choosing  
 Tried to make it out on my own  
 Never realized all I'd be losing  
 I still remember just how it used to be  
 Lord, forgive my weakness, come and rescue me  
 Take me back, take me back, Jesus  
 Take me back, to where I can know Your love  
 Take me back, take me back, Jesus  
 Take me back, won't you take me back?  
 Take me back, take me back, Jesus  
 Take me back, to where I can feel Your love  
 Take me back, take me back, Jesus  
 Take me back  
 There's no one else I would turn to  
 You're the only one who can pull me through  
 You can pull me through  
 Take me back, take me back, Jesus  
 Take me back, to where I can know Your love  
 Take me back, take me back, Jesus  
 Take me back  
 Take me back, take me back, Jesus  
 Take me back, to where I can feel Your love  
 Take me back, take me back, Jesus  
 Take me back  
 Take me back, take me back, take me back  
 Take me back, take me back, take me back  
 Take me back, take me back  
 Take me back, take me back, take me back  
 Take me back, take me back, take me back, Jesus  
 Take me back, oh Lord Jesus  
 Take me back, take me back, Jesus  
 Take me back, I want You to take me back  
 Take me back, take me back, Jesus  
 Take me back, oh Lord  
 Take me back, take me back, Jesus  
 Take me back
