Alone At Last

Maysa

Alone at last
I thought you never askAlone at lastYou know that I've been thinking for some time
How to get you here inside these arms of mine
I've been anticipating
The two of us trading a love so trueI had my doubts, I'd be the lucky one
Oh boy, I thought this day would never come
For so long, I've been waiting
Hoping and praying for this moment with youAlone at last
I thought you never ask
No one in this world could have told me
We'd be alone at lastAlone at last
I thought you never ask
Open your arms and just hold me
'Cause we're alone at lastI remember how you'd barely look my way
Wouldn't know me if I asked the time of day
So tell me, what were my chances?
My dreams of romance would come true, they were fewI was just another face among the crowd
I call your name but others drown me out
But now there's nobody else
I gotcha you all to myself tonight
And not a moment to sleepAlone at last
I thought you never ask
No one in this world could have told me
We'd be alone at lastAlone at last
I thought you never ask
Open your arms and just hold me
'Cause we're alone at lastOh, let this moment be
All I ever dream it to be
Oh baby, baby please
If you'll turn the moonlight up
I'll turn the sunlight down
Let's fill the night with sweet love soundAlone at last
I thought you never ask
No one in this world could have told me
We'd be alone at lastAlone at last
I thought you never ask
Open your arms and just hold me
'Cause we're alone at lastAlone at last
I thought you never ask

No one in this world could have told me
We'd be alone at lastAlone at last
I thought you never ask
Open your arms and just hold me
'Cause we're alone at lastAlone at last
I thought you never ask
No one in this world could have told me
