

Snot

Enemynside

Snot

Snot

We're fittin' to take your town

You know we wear the crown

Just got to mess around

Leave your daughters and your sisters with me

Down

Down for that fattest sound

We're comin' to your town

Breaking some ground

Someone's got to do it

Can you slow down?

Just can't be

Gotta have a fat sound

From S.B.

Motherfucker said

Is your soul found?

Can't you see?

And we're comin' to your town

Break it, smash it, motherfuckin'

Snot

We're fittin' to take your town

You know we wear the crown

Just got to mess around

Leave your daughters and your sisters with me

Down

Down for that fattest sound

We're comin' to your town

Breaking some ground

Someone's got to do it

Can you slow down?

Just can't be

Gotta have a fat sound

From S.B.

Snot
You always knew this
 Yeah, Snot crew
 We're undisputed
 Yeah, Snot
 Though we rule your world
 Clockin' all them girls
 We're takin' yours and no
 We'll never stop

Well Snot, I've got to tell you once again
Don't try and play my crew 'cause you just can't win
 I like to hear the sound when your skull cracks
 If you talk back feel us attack y'all
 We're fixin' to take you down with a fat, funky sound
 Gonna steal your crown, not gonna mess around
 I know you hear my voice 'cause you got no choice
 The volume of my crew still undisputed
 If you don't move
 We're gonna roll right over motherfucker
 Down with this crew
 Yes, every thing's gonna be alright
 I've got to wow the crowd with a sound so loud
 Try and front but you know I'm gonna get down
 I've got the mic that's right what's at stake is
 Afraid you'll hear the truth, you can't take this
 Slow down
 Just can't be
 Gotta have a fat sound
 From S.B.
