

Bitchin' Summer

Avril Lavigne

Oh oh oh oh
Oh oh oh oh Everyone is waitin' on the bell
Couple seconds, we'll be raisin' hell.
The sun is shinin' down, school is finally out.
Nothin' matters, so we might as well. Everybody's bakin' in the sun,
Come and party, do it while we're young.
Move your body, when you hear the drum.
So put your hands up! It's gonna be a bitchin' summer,
We'll be livin' fast, kickin' ass together
Like high school lovebirds
Gonna have a blast make it last forever
I'll pick you up at the liquor store
Hurry up, we can fit one more.
It's now or never
It's gonna gonna be, be a bitchin' summer.
Bitchin' summer
Bitchin' summer Throwin' empty bottles in the fire
Whiskey's got us singin' like a choir
We're all gonna run, when the police come.
But in the mornin' we're so alive. Everybody's bakin' in the sun,
Come and party, do it while we're young.
Move your body, when you hear the drum.
So put your hands up! It's gonna be a bitchin' summer,
We'll be livin' fast, kickin' ass together
Like high school lovebirds
Gonna have a blast make it last forever
I'll pick you up at the liquor store
Hurry up, we can fit one more.
It's now or never
It's gonna gonna be be a bitchin' summer.
Bitchin' summer
Bitchin' summer Right-right-right near the beach
Te party don't stop
If we don't get harassed by the motherfuckin' cops
Quarter tank of gas
About a half a pack
My cell phone's dyin' but there's no turnin' back
I can feel the breeze
Steerin' with my knee

Drummin' on the dashboard
Bumpin' to the beat
Hit the windshield wiper
Searchin' for my lighter
I gotta get right before this all nighterIt's gonna be a bitchin' summer,
We'll be livin' fast, kickin' ass together
Like high school lovebirds
Gonna have a blast make it last forever
I'll pick you up at the liquor store
Hurry up, we can fit one more.
It's now or never
It's gonna gonna be be a bitchin' summer.
Bitchin' summer
Bitchin' summerPick you up at the liquor store
Hurry up, we can fit one more.
It's now or never
It's gonna gonna be be a bitchin' summer.
