Mary Jane

Burna Boy

baba baba baba x4
if you got something to say
just say it to my face

i know who you loving aint my business at all
if you give it to me i be begging for more
let me do you like a mary jane na
uh. woah...
and i love you i will say it yeah...
alway you snobing me and you fucking with my niggas
you say that they know my name but they dont know your nigga
am so clean fresh outta single
but you dont know your nigga
for the long night i bend both my knees praying God bless my nigga
e ho bless all my niggas
we not hopeless my nigga
we go run dis project my nigga
cos i aint got no stress my nigga
swimming in the money driving in the bigger
you the one i run to when i wanna relax.
baba baba baba x4
doing this i aint even drunk
