

# Settle For Love

[Joe Ely](#)

You say you want drama  
I'll give you drama  
You say you want muscle  
I'll give you nerve  
You want sugar  
Would you settle for honey?  
You want romance  
Would you settle for love? Would you settle for love?  
Would you settle for love?  
Would you settle for love or do you need  
All that meaningless stuff  
Would you settle for love?  
Would it be enough?  
Baby, would you settle for love? You say you want fire  
I'll give you fever  
You want kisses  
I'll give you all I got  
You want diamonds  
I'll give you rhinestones  
And you want romance  
Would you settle for love? Would you settle for love?  
Would you settle for love?  
Would you settle for love or do you need  
All that meaningless stuff  
Would you settle for love?  
Would it be enough?  
Baby, would you settle for love?
