

Pulse

Kellee Maize

Written by Kellee Maize
Vocal Performance by Kellee Maize ft Ras Maisha
Produced by DJ Detonate
Co-produced by Diezel
Mixed by Diezel
Mastered by EDan

[Chorus]

We pulsatinâ€™™, we virbatinâ€™™
With combined our energies, are sacred
We pulsatinâ€™™, we vibratinâ€™™
We are the ones, for whom, we have been waiting

[Verse 1]

You think I preach too much
Well you see one time
While my home girls spit the dutch
I realize that war, hate, crimes, drugs and such
Are caused by the lack of love, in our touch
A universe sits on the small, of my back
The guilt of millions look hard, we see the trap
My ether reads yellow, my pulse is off the map
I talk to god through, my bounce and my clap
Climbinâ€™™ from this realm, Aquarius is next
You can see the spirit inside, when I two step
I almost reached the top, I am next on deck
Puttinâ€™™ you in a haze of love, must respect

[Hook]

If you keep the negative in
It will bleed through your soul
As the hate starts settlinâ€™™ in
You will scream feel unwhole

[Chorus]

We pulsatinâ€™™, we virbatinâ€™™
With combined our energies, are sacred
We pulsatinâ€™™, we vibratinâ€™™
We are the ones, for whom, we have been waiting

[Verse 2]

Haile selassie rastafari
Mic check breakin'™ sweats
And the depth I kill the set
They can't™ believe what they see, I upset
Is she touchin'™ the ground, Is she level today
My purpose is deep seeded
Spreadin'™ the message, this star is heated
Do not be scared, I want no one retreated
We are all the light and the power that we needed
We can change, our destiny
Knowledge of self, you see it will set you free
Positive transmission of energy
Be the change you wanna see, philosophy

[Hook]

Breathe deep, find the spirit guide
They will lead you, to your love
While they heal you from inside
Know your connected to above

[Chorus 2x]

We pulsatin'™, we virbatin'™
With combined, our energies, are sacred
We pulsatin'™, we vibratin'™
We are the ones, for whom, we have been waiting

[Ras]

[Chorus 2x]

We pulsatin'™, we virbatin'™
With combined, our energies, are sacred
We pulsatin'™, we vibratin'™
We are the ones, for whom, we have been waiting
