

# A Million Voices

## Polina Gagarina

We are the worlds people  
Different yet we're the same  
We believe  
We believe in a dream Praying for peace and healing  
I hope we can start again  
We believe  
We believe in a dream So if you ever feel love is fading  
Together like the stars in the sky  
We can sing  
We can shine Chorus:  
When you hear our voices call  
You won't be lonely anymore  
A million voices  
Your heart is like a beating drum  
Burning brighter than the sun  
A million voices Now as the world is listening  
From cities and satellites  
We believe  
We believe  
In a dream If you ever feel love is fading  
Together like the stars in the sky  
We can sing  
We can shine Chorus:  
When you hear our voices call  
You won't be lonely anymore  
A million voices  
Your heart is like a beating drum  
Burning brighter than the sun Bridge:  
When I look around at these faces  
I can see the stars in the sky  
We will sing  
We will shine Singing out  
Singing out  
ooh  
Singing out  
Singing out  
ooh  
Singing out  
A million voices
