

TR 707 (feat. Holybrune)

Dabeull

When you give it up to me
I don't know what to say
You get me excited

You barely always stop this way
To make my [?]

[Chorus]
You live today
And stay on stay on
It's close today
When you get on when you get on
We're close today
Your freak on freak on
We groove today
And stay all night long

Wanna touch my skin with me
Ready for you I wait
You see me now, I'm craving

Baby come to me and pour out all this passion
Baby come to me and cross the line in action

[Chorus]

To the night

[Chorus]

To the night
