Perfect Love

Paul Carrack

There's a light that shines on everyone tonight
But it seems we're just too blind to see
There's a love that's so deep, we should never want
But do we really know what we need?I never thought there would be
Someone who'd mean so much to me
In my mind there was no
Such thing as perfect loveBut now I'm holding you tonight
And I can see that you were right
To believe there can be perfect loveYou can live your whole life trying to avoid
Being hurt like you've been hurt before
Then one day you may wake up
And feel a love so strong
That you can't hold it back anymoreI never thought that there could be
Someone who'd mean so much to me
In my mind there was no
Such thing as perfect loveBut now I'm holding you tonight
And I can see that you were right
To believe there could be perfect loveEver since you called my name
Nothing's ever been the same
I want to give my heart to you
And your perfect love so true
Oh, your perfect loveBut now you're here with me tonight
And I can see that you were right
To believe there can be perfect love
