

# HermAphrodite

[Stephen Lynch](#)

She's part girl, she's part boy  
She's got parts everyone can enjoy  
She's got more, she's got less  
She's got her manhood tucked in her dress Is she a mister or is she a miss?  
Does she stand up when she's taking a piss?  
She's my little girl, yeah, she's my little guy  
When I try to please her, I get poked in the eye She wears lace and she wears flannel  
She watched football and the Lifetime Channel  
What's that bulge under her nightie?  
It must be hermaphrodite, yeah, hermaphrodite Some things are white, some things black  
Some girls wear makeup, mine shaves her back  
She is still beautiful, she is still fine  
It's too bad her package is bigger than mine
