

# Home Wrecker

J. Holiday

She is a home wrecker  
But it's my fault I let er  
She's a hooome wrecker I fucked up, no she wasn't bout nothing  
She was cool and shit, quick to give up and...  
Who would've known that it would last this long My whole intention was to hit and keep it movin  
But she was a pro, get it girl, knew what she was doin  
I had it made  
A wifey at home and a side chick to play with, yea  
Something changed and now she actin crazy  
Blowin up my phone, knowin I'm here with my baby  
Said if I don't come over then she gonna tell my lady  
And it's fuckin shady, says she pregnant with my baby  
She is a home wrecker  
But it's my fault I let er  
She is a home wrecker  
But it's my fault I let er  
She's a hooome wrecker  
Long rides out of town on the weekend  
She was cool with hooking up every other weekend  
She said she appreciate the honesty  
And that's the reason that she fucks with me When my girl call she would be quiet  
Rubbin on my arms, listenin to me lyin  
She said I'm ain't gon be yo main you see?  
Long as you keep it between us three  
Something changed and now she actin crazy  
Blowin up my phone, knowin I'm here with my baby  
Said if I don't come over then she gonna tell my lady  
And it's fuckin shady, says she pregnant with my baby  
She is a home wrecker  
But it's my fault I let er  
She is a home wrecker  
But it's my fault I let er  
She's a hooome wrecker  
She is cool when it's cool but it all goes bad  
When a girl catches feelings  
And now let go of what you had, it's a thing of the past  
Throw it all out the window And I know I was wrong, ain't no pussy  
That is worth losin your woman  
And I hope I learned my lesson

Almost lost what I had  
She is a home wrecker  
But it's my fault I let er  
She is a home wrecker  
But it's my fault I let er

She's a hooooome wreckerShe's a home wrecker, she's a home wrecker
