

# Story Of My Life

## Automatic Loveletter

I remember when I was just fifteen  
I moved to LA with my rock and roll big dreams  
They said "Good luck, it's tougher than it seems  
So step up or go home."  
I didn't know that I would sometimes be hungry  
I didn't know I would miss my bed when I sleep  
I told my mom and my dad that I was happy  
But I never felt so lonely

Eight years I'm a warrior  
And I'm still here  
Fighting for the glory  
You don't know the half of it

Story of my life  
Poison the hero  
Back down to zero  
No consequence at all  
And it only lights my fire  
What doesn't kill me just makes me stronger  
I'd rather be free to fail  
And that's the story of my life

Waking up I have a headache  
And a ?  
My car wont start  
And my tags aren't up to date  
I can't decide if it's my destiny or just fate  
When will I get my break?  
Living in a wonderland  
Playing shoots and ladders  
Back to the beginning  
You don't know the half of it

Story of my life  
Poison the hero  
Back down to zero  
No consequence at all  
And it only lights my fire  
What doesn't kill me just makes me stronger

I'd rather be free to fail  
And that's the story of my life

This is it  
In this moment  
I'm standing on top of the stars  
This is it  
And I know it  
It's my turn to shine out of the dark  
'cause I'm letting your hold, I'm letting it go  
As far and as high  
To the depths of my soul  
This is it  
In this moment  
I'm ready to shoulder the world

I've waited all my life  
Poison the hero  
Back down to zero  
No consequence at all

Story of my life  
Poison the hero  
Back down to zero  
No consequence at all  
And it only lights my fire  
What doesn't kill me just makes me stronger  
I'd rather be free to fail  
And that's the story of my life
