

Straight Into Darkness

Tom Petty & The Heartbreakers

There was a little girl, I used to know her
I still think about her, time to time
There was a moment when I really loved her
Then one day the feeling just diedWe went straight into darkness
Out over the line
Yeah, straight into darkness
Straight into nightI remember flying out to London
I remember the feeling at the time
Out the window of the 747
Man there was nothin', only black skyWe went straight into darkness
Out over the line
Straight into darkness
Straight into nightOh, give it up to me I need it babe
Girl, I get there when I see it
Baby, wrong or right I need it, yeahI don't believe the good times are over
I don't believe the thrill is all gone
Real love is a man's salvation
The weak ones fall the strong carry onStraight into darkness
Out over the line
Yeah, straight into darkness
Straight into nightWe went straight into darkness
Out over the line
We went straight into darkness
Straight into night
