Agent Zero

MÃ¥ns ZelmerlÃ¶w

Another morning late in bed
Staring at the ceiling
Thinking of you

Another song went in my head
Where did I go wrong?
Thinking of you

I will try to carry on
I'll sing another love song

I'm no superhero
I'm no Mister Bond
I'm your Agent Zero
I'm just myself
My love is blind
I'll wait until the end of time

Walking tall or standing still
Doesn't really matter,
When you're not here

Supposed to write the word fulfill
But hard to imagine
When you're not here

I will try another song
Not more than three minutes long

And I said
I'm no superhero
No, I'm no Mister Bond
I'm your Agent Zero
I'm just myself
My love is blind
I'll wait until the end of time

I'd break the barriers just to see
How our love would set us free
Imagine how life could be

I'll write a bridge with chords so strong
Take us where we both belong
Refrain of make-believe

I'm no superhero
I'm no Mister Bond
No, I'm your Agent Zero
I'm just myself

I'm no superhero
I'm no Mister Bond
I'm your Agent Zero
I'm just myself
My love is blind
I'll wait until the end of time
I'll wait until the end of time
I'll wait until the end of time
