

Lover, Come Back to Me

Barbra Streisand

The sky is blue and high above
The moon is new, and so is love
This eager heart of mine is saying
Lover, where can you be? You came at last love had its day
That day is past, you've gone away
This eager heart of mine is saying
Lover, come back to me When I remember every little thing you used to do
I'm so lonely
Every road I walked alone, I walked along with you
No wonder I am lonely The sky is blue, the night is cold
The moon is new, but love is old
And while I'm waiting here
This heart of mine is saying
Lover, come back to me When I remember every little thing you used to do
Oh, I'm lonely
Every road I walked alone, I walked along with you
No wonder I am lonely The sky is blue, the night is cold
The moon is new, but love is old
And while I'm waiting here this heart of mine is saying
Lover, come back to me.
