Our World, It Rumbles Tonight

Satyricon

Smoke across the night sky
Tears the black open
Glows toward the earthbound
Breaks the light downThis moon, this night
This sign that symbolizes
To me, what must be doneShadows that mirror
And nurture the spirit
My world - crumbled
Your world - a star
Our world - it rumbles tonightNo mask, pure will
One hand, one blade
Shadows sink
Summon the unwanted
And gather for a (final) journeyMy world - crumbled
Your world - a star
Our world - it rumbles tonight
