Is Happiness a Mediocre Sin?

The Color Morale

Am I defined by the hell you left me in
or the influence I make while living it?
Sometimes you find yourself stuck in the middle of nowhere
but the middle of nowhere is where we find ourselves
and only time will tell how long we stayThe hardest part about feeling
like life has fallen apart
is that feeling for some of us
hat it always will because it always doesI see that things are getting bad again.
I'm not seeing you lately, you've been hiding
Let's get lost together in a new direction
We may not have it all together
but together we can have it all
But we're still here and only time
will tell how long we stayThe hardest part about feeling
like life has fallen apart
is that feeling for some of us
hat it always will because it always does
