

Feel Your Fire

The McCrarys

Right now there's an angel here
She's in my arms
So now I can barely feel
She taking my heart away
And after this I know I'll never be the same
And I haven't reached the stars tonight
Where did you go my child
Cuz I wanted to feel your love
And feel your fire
Where did you go my beautiful child
Cuz I wanted to feel your love
And feel your fire
I wake with open eyes
My heart it burns
Something just don't seem right
Cuz left here all alone
She's flown away
And never to return at all
So I fall back to earth tonight

Where did you go my child
Cuz I wanted to feel your love
And feel your fire
Where did you go my beautiful child
Cuz I wanted to feel your love
And feel your fire
So take my heart
Turn it into ashes
I don't need it
Now I have to dream
Someday you will come back to me
And I'll make you say
Together we can be anything
Where did you go my child
Cuz I wanted to feel your love
And feel your fire
Where did you go my beautiful child
Cuz I wanted to feel your love
And feel your fire

Feel your fire
Feel your fire
