

# Cradle (Single Version)

## Atomic Kitten

I will rock you like a baby  
Love will cradle in my arms  
I'll keep you safe from danger  
Shelter you from harm There will never be another  
That treats you like I do  
We can drift into forever  
On a love that's made for two Don't you ever say this love's not special  
Don't you ever think it's not essential  
Baby I was only thinking of you  
Hoping you were thinking of me  
Two hearts beating just like one  
Against the world  
I am always dreaming of you  
Hoping you are dreaming of me  
I could never live one day without your love I will kiss you like an angel, baby  
Cradled in my wings  
I will take you up to heaven  
Show you precious things If you promise that you love me  
If you promise that you care  
I will be here for always and forever  
This I swear Don't you ever say this love's not special  
Don't you ever think it's not essential  
Baby I was only thinking of you  
Hoping you were thinking of me  
Two hearts beating just like one  
Against the world  
I am always dreaming of you  
Hoping you were dreaming of me  
I could never live one day without your love Now you say you want to love  
But, you don't think you believe it  
Just open up your heart  
And you know you will receive it  
Oh baby Don't you ever say this love's not special, no  
Don't you ever think it's not essential I was only thinking of you  
Hoping you were thinking of me  
Two hearts beating like one  
Against the world  
I am always dreaming of you  
Hoping you were dreaming of me

I could never live one day without your love I was only, I was only

I was only, I was only

I was only, I was only I was only thinking, oh baby
