For Eternity

Ikon

A place where we are one
We can't be touchedTogether we stand alone
We are oneA moment that we will share
That means so muchYou are everything
You are everything
To meThis love
That fills our hearts
I give it allThrough this
We live our dreams
You and IA moment
Stood still in time
Forever with youThis is for realEverything is for realFrom: Flowers For The Gatheringby Chris McCarter & Michael Carrodus & Dino Molinaro
