

For Eternity

Ikon

A place where we are one
We can't be touched Together we stand alone
We are one A moment that we will share
That means so much You are everything
You are everything
To me This love
That fills our hearts
I give it all Through this
We live our dreams
You and I A moment
Stood still in time
Forever with you This is for real Everything is for real
From: Flowers For The Gathering by Chris McCarter &
Michael Carrodus & Dino Molinaro
