

Busted and Blue

Gorillaz

Where does it come from?
When everything was outside
 Busted and blue
 How in the universe
 Through the lithium
Busted and blueI was asked by a computer
 A shadow on the wall
 An image made by Virgil
 To rule over us all
 To amplify the sirens
 And to find real amends
 I'm through the echo-chambers
 To other worlds awayAll my life
 All my life
 Beam a light
 On me, I am a satellite
 And I can't get back without you
 Be my love
 Be my love
 Be my love
 Be my loveWhere do they come from?
 The wires that connect to us
 Weightless and fall on your body
 'Till we're invisible
 I'm with you throughout it, choose
 Busted and blueAll my life
 All my life
 Beam a light
 On me, I am a satellite
 And I can't get back without you
 Be my love
 Be my love
 Be my love
 Be my loveBusted and blue
