

# Too Many Rings Around Rosie

Elaine Stritch

in my early childhood days  
when december seemed like may  
ring around the rosie with the boys  
i used to play Tommy , Andy , Harold, Joe  
eat my candy then would go  
i tried to please them all, you know  
thats why not one became my beau Too many rings around Rosie  
will never get rosie a ring  
too many beaus when she should have one  
you know will never bring her  
a ring around her finger One little name to remember  
is better than having a string  
it doesn't hurt to flirt a bit  
just use it as bait make your match  
make your catch  
before its too late too many rings around rosie  
will never get rosie a ring men are only grown up boys  
pretty ladies are their toys  
here today  
tomorrow they're in search of other joys still its nice to have a few  
all go loco over you  
still one ring to call your own  
is worth a half a dozen on the phone too many rings around rosie  
will never get rosie a ring  
too many beaus  
when she should have one  
you know will never bring her  
a ring around her finger one little name to remember  
is better than having a string  
it doesn't hurt to flirt a bit  
just use it as bait make your match  
make your catch  
before its too late cuz too many rings around rosie  
will never get rosie a  
poor little rosie a  
never get rosie  
a ring
