

When We Were Young (Sinden Remix)

Sneaky Sound System

Sorry, sorry, sorry, sorry, Im sorry

What you gonna do when you cross that line, cross that line, cross that line?

And what you gonna do when you run out of time, run out of time, run out of time?

What you gonna do when you cross that line, cross that line, cross that line?

Sticky fingers

And what you gonna do when you run out of time, run out of time, run out of time?

Facts and figure ends

oh oh oh OHAll we had was good, just like it should

When we were young

We were just nineteen, oh such a scene

When we were youngSorry, sorry, sorry, sorry, Im sorry

What you gonna do when you cross that line, cross that line, cross that line?

I told you to eat your dinner

And what you gonna do when you run out of time, run out of time, run out of time?

Im in trouble with youAll we had was good, just like it should

When we were young

And all you would be kings, you fearless things

Where are you now?Dont you throw it away, dont you throw it away

Dont you throw it away, awayAll we had was good, just like it should

When we were young

We were just nineteen, oh such a scene

When we were young

And all you would be kings, you fearless things

Where are you now?
