

Let There Be Love

Anne Murray

(Dawn Langstroth)Every life has a plan
Though sometimes the map is out of our hands
Every day is a step
Though we may not know the reason just yet
When your faith fails
When your dreams sleep
Learn to let go, and just let it beCHORUS:
Let there be love
Let there be light
Let there be hope in the dark of the night
For every heart that's lying in wait
Let there be love
Let there be loveYou are strong
You are brave
Though I couldn't even count all the way
There's a time to be still
Let the river carry you where it will
When your faith fails
When your dreams sleep
Learn to let go
Just let it beCHORUSBridge:
It's a long, hard road to travel
Yes, I know what it's like when you lose your way
When the best laid plans unravel
That's when you've got to believeCHORUS x3
