

Someone's Watching Over Me

[Geri Halliwell](#)

You said I'd always be your little girl.
Thought that would last forever.
But you left me in this grown up world.
I had to put myself together.

At the end of the day.
You showed me the way.
I'm never in doubt.

Someone's watching over me
Though sometimes I wish
That you would look away from me
Always watching over me
Though it's not perfect
It can't be any other way for me.

You said to me that time would never wait
So I ran a little faster
I was always there but just too late
So fate became a father.

At the end of the day.
You showed me the way.
I'm never in doubt.

Someone's watching over me
Though sometimes I wish
That you would look away from me
Always watching over me
Though it's not perfect
It can't be any other way for me.

You left a girl with a hungry mind.
(I'm still learning, I'm still waiting)
All of my answers I need to find.

Someone's watching over me
Though sometimes I wish
That you would look away from me
Always watching over me

Though it's not perfect
It can't be any other way for me.

Someone's watching over me
Though sometimes I wish
That you would look away from me
Always watching over me
Though it's not perfect
It can't be any other way for me.
