End of the World

The Living End

Last night I had me a dream son
The end of the world could be seen
No sign of life could I feel son
Nothing was what it had beenBlack as the night, life out of sight
You can't imagine the sceneLast night I had me a dream son
The end of the world could be seen
I didn't know where to turn son

The absence of life was obsceneThe end of time or just in my mind I know that it's hard to believeAnd I can almost see the end of the world And I can almost see the end of the world

So give me a minute And I'll put you in it

But you must never returnIt could occur any day son

Just you remember and pray

You have what you love

Now love what you have

And maybe then you will last a bit longerLast night I had a dream

The strangest that I'd ever seen

Yes you were there and you were

Telling everybody not to worry

Just let it be

Then you led me to believe Everything happens in threes But as you spoke then I awoke Only to find that we'd arrived At the end of the world
