

Sha La La

Korean Drama

(akinyele)

You can't

You won't

Ak-nel

You can't

You won't

(curly) refrain

Something is what you meet standing up on the corner

Lay out

And when you think of my spliff

You think something has come over

Lay out

I say

Here I am what I'm going to do

Yes I've got these dreams to come true

And the way you embrace me

It makes me want to crossover

Lay out

(curly) 2x

Sha la la la (la la la)

La la la (la la la)

La la la (la la la)

(akinyele)

Ha it's the hardcore rhymers

Straightening niggas out like recliners

You dicks get sprayed like stun

I use your blood to paint the walls like period vagina

Remind us

Of signers

When we busting you up

Bullets like allergies

Straight stuffin you up

Can I touch any he or she that try to diss this

Once I clutch the grammy in my hand like stick shift

Or professor

I'm putting niggas in a stretcher

Tell your crew

I play them boys ou like fucking Hugh Hefner

It ain't nothing

My guns part authority
Cause they be busting
I could feel or catch a wreck like your part buttons
 (curly) hook
 (2x)
 Cause were rough
 Were rough
 Tough

 Were tough
We are danger (danger straight dangerous)
 (2x)
 Sha la la la (la la la)
 La la la (la la la)
 La la la (la la la)
 (akinyele)
 When it's dark
 It's the (?) parts
 That I be walking in
 Be clocking you and dropping you
 Like dr. kevorkian
 My hobby is to hit you
 With guns in the hand
 In my left
 Putting bullets in your chest
 Like bobby fisher
 I wish a
 Nigga
 Want to contest this
 Wet you up like star water
 You fellas is fish
 Trying to go up again
 To fall from an intense nigga
 To stab you with a dagger
 Reagardless if you stagger
 I still going to jab you with the marvelous (?)
 Like agler
 Making your ass fall like niagara
 My trigger finger that damage
 Advantaged niggas
 Like abracadabra
 What
 The ak
 The glock nine
 Making niggas slow down and what not

Similar to stop signs
Money and crimes
On my mind
I murder silly jokes
For they choke
And all you ever find
Is their body outlined
In white lines
Hook
Refrain
Hook
