Kajagoogoo

(VERSE 1)
People stay the same
But circumstances change
Like you like me and I like you again
If they keep Im torn beside
Wed better run and hide
The shelter this was prove as all again
Took another view(BRIDGE)
We could see it in a diffrent light (in a diffrent light)
All well feel itll happen overnight (happen overnight)(CHORUS)
I will, falling in and out again
In And I will, falling in and out again
In And I will, falling in and out again(VERSE 2)
A weaker man am I?
I didnt want a dime
But I would rather go and stole
Dower is the air
Dont suppose they really care
We have to run
Escape

All well feel itll happen overnight (happen overnight)(CHORUS)
I will, falling in and out again
In And I will, falling in and out again
In And I will, falling in and out again(MIDDLE)
I look around on the earth
Like a stone to the ground
Overnight(FINAL CHORUS)
In And I will, falling in and out again
In And I will, falling in and out again
In And I will, falling in and out again
In And I will, falling in and out again
(Repeat to fade)(CODA)

Were in and in and out again
Were in and in and out again
